COMMERCE COMMISSION.

EXPLANATORY NOTE

On 30 November 2009, the Commission reset the default price-quality path for electricity distribution businesses as required by section 54K(1) of the Commerce Act 1986 (the “Act”) by publishing Decision 685 – Commerce Act (Electricity Distribution Default Price-Quality Path) Determination 2010 (the “Initial Reset Determination”).

The Initial Reset Determination sets out the default price-quality path that applies from 1 April 2010 to 31 March 2015 to all electricity distribution businesses except those that are “consumer-owned” as defined in section 54D of the Act. Electricity distribution businesses meeting the requirements of section 54D are exempt from default/customised price-quality regulation under section 54G(2) of the Act.

The Commerce Act (Electricity Distribution Default Price-Quality Path) Amendment Determination 2011 amends clause 11.1 of the Initial Reset Determination to permit regulated suppliers to submit an annual compliance statement to the Commission within 70 working days following 31 March 2011.
