Dear Ms Brown

**PRICE CONTROL STUDY OF AIRFIELD ACTIVITIES: DUNEDIN
AIRPORT LIMITED**

We refer to the writer's telephone call to you today and confirm that we are the solicitors for Dunedin Airport Limited.

We also confirm that Dunedin Airport Limited does intend to lodge submissions in relation to this study. It has been actively involved in recent years in the matter of the regulations under the Airport Authorities Act.

Our client accepts that the proposed new timetable has advantages in that it will allow some experience of the operation of the new disclosure regulations to be factored into the Commission's enquiry. For that reason it is happy with the proposed timetable.

We look forward to your advice as to what timetable is finally settled upon and to dealing with you in relation to the matter as it proceeds.

Yours faithfully
GALLAWAY HAGGITT SINCLAIR
