5 October 2009

Richard York
Regulatory Manager
Vodafone New Zealand Limited

By email: richard.york@vodafone.com

Dear Mr York

RE: request for additional information after the MTAS Conference

Thank you for your letter of 1 October 2009 to Shane Kinley, in which you provide additional information from Vodafone relating to a number of matters raised at the MTAS Conference on 2 and 3 September 2009.

The Commission appreciates the additional information contained on pages 3 to 8 of your letter and will consider this information in preparing its final Report on the MTAS Investigation.

There are a number of areas in which this letter, however, appears more in the nature of a submission to the Commission, than simply being the provision of additional information. The Commission requests that Vodafone resubmit its letter after excluding those portions of your letter which are in the nature of a submission, as the appropriate time for such submissions was in response to the Commission's draft Report. I note, however, that these portions of your letter do not substantively add to, and in many cases repeat, the substance of Vodafone's earlier submissions.

Should you have any queries in relation to this letter, please contact Shane Kinley by email at shane.kinley@comcom.govt.nz or by phone on 04 924 3686.

Yours sincerely

Dr Ross Patterson
Telecommunications Commissioner
