Dear Mr Kinley

**COMMERCE COMMISSION MOBILE TERMINATION ACCESS SERVICES INVESTIGATION –
CLASSIFICATION OF INFORMATION**

I am Nominated Council for TelstraClear in the Commerce Commission's Mobile Termination Access Services Investigation (the "Investigation").

This certificate is provided pursuant to clause 8 of the Investigation Confidentiality Order dated 6 November 2008 (the "Order") and in response to the letter from the Commission dated 21 July 2009 to all interested parties to the Investigation.

TelstraClear provided information to the Commission via the Commission's Data Questionnaire. As Nominated Counsel I consider the Commission's proposed course of action set out in its letter, that the information in the Data Questionnaire be classified as Restricted Information under clause 2 of the Order, is appropriate to avoid likely unreasonable prejudice to the commercial position of TelstraClear.

Yours sincerely
