Subject: Mark Tume exemption

Hi Tania

This email is to notify the Commission that Mr Tume will not need the benefit of the exemption granted to him in decision No. 682. For reasons not driven by EIRA, and not foreseen at the time he made his application, Mr Tume was not appointed to the Powerco Board and will not be acting as a director of Powerco going forward.

As always, we have appreciated the efforts your team has put into this process.

Regards

Andy
