Subject: Update on Airports Information Disclosures Working Session, and invitation for written submissions on agenda item 3.3

This email is to advise that the Commission has agreed to make the following changes to the agenda for the Airports Information Disclosure Working Session (scheduled for 13 September 2010 at Wellington International Airport) and related consultation process. These changes have been made following a request from New Zealand Airports Association.

1. The workshop has been extended to 3pm. This will enable more time to work on definitions (or other matters) if this is required.
2. The Commission has removed the supplementary agenda item 3.3 ("Used and Useful Assets) sent to interested parties on 3 September 2009.

The Commission will instead invite brief written submissions on supplementary agenda item 3.3. Submissions on this are due by 5pm on Friday 17th September. Cross-submissions will be due by 5pm, Friday 24th September.

All other agenda items remain as originally issued. We look forward to your attendance and participation at the working session.

Regards

John Hamill
